Non-Exclusive License under Attribution 4.0 International Public License (CC BY 4.0):

We agree that the 'Article' will be made Open Access under the terms of the Creative Commons Attribution License (<https://creativecommons.org/licenses/by/4.0>) which permits use, distribution and reproduction in any medium, provided that the 'Article' is properly cited.

We hereby grant to ASERS Publishing ('Publisher') a non-exclusive license under Attribution 4.0 International (CC BY 4.0) to publish and distribute the article(s) referenced above and any supplemental tables, illustrations or other information submitted therewith that are intended for publication as part of the article (the 'Article') in all forms and media (whether now known or hereafter developed), throughout the world, in all languages, for the full term of copyright, effective when and if the 'Article' is accepted for publication. This license includes the right to provide the 'Article' in electronic and online forms and systems. With respect to supplemental data that we wish to make accessible through a link in the 'Article', we hereby grant a non-exclusive license under Attribution 4.0 International (CC BY 4.0) for such linking. If we have agreed with the 'Publisher' to make available such supplemental data on a site or through a service of ASERS Publishing, we hereby grant a non-exclusive license under Attribution 4.0 International (CC BY 4.0) for such publication, posting and making available, and further permit indexing and archiving.

We agree that the 'Publisher' is the owner of the 'Article' and that ASERS Publishing retains non-exclusive rights in the definitive final version of the 'Article' and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination ('the Published Article'). This 'Article' is distributed under the terms of the license CC-BY 4.0., which lets others distribute, remix, adapt, and build upon this article, even commercially, as long as they credit this article for the original creation. ASERS Publishing will be acknowledged as the first publisher of the Article and a link to the appropriate bibliographic citation (authors, article title, volume issue, page numbers, DOI, and the link to the Published Article on ASERS Publishing' Platform) must be maintained.

If any material contained in the 'Article' is the output of Artificial Intelligence Generated Content (AIGC) tools, (a) such tools do not fulfil the role of, nor can they be listed as, an author of Contribution, (b) Author or Co-author will describe its use, transparently and in detail, in the methods, acknowledgement, or equivalent section of the 'Article' (provided, however, no such description is needed for tools that are used to improve spelling, grammar, general editing), and (c) Author and each Co-author is responsible for the accuracy of any information provided by any AIGC tool and for referencing any supporting work on which that information depends. The final decision about whether use of an AIGC tool is appropriate or permissible lies with the Journal's editor or other party responsible for the publication's editorial policy.

Authorship:

If copyright is held by the employer, the employer or an authorized representative of the employer must sign. If the corresponding author signs, it is understood that this is with the authorization of the employer and the employer's acceptance of the terms of the transfer. Please confirm by marking the appropriate box following the signature line.

Author Warranties:

The undersigned Author(s) of the above-mentioned 'Article' here transfer a non-exclusive license of the 'Article' to the 'Publisher' under the Creative Commons license CC BY 4.0 and retains all proprietary rights, such as copyright (subject to the above-stated Creative Commons license), and patent rights in any process, procedure or article of manufacture described in the 'Article'.

The Author(s) warrants that the 'Article' is based on their original work and that the undersigned has the power and authority to make and execute this assignment. It is the author's responsibility to obtain written permission to quote material that has been previously published in any form. The 'Publisher' recognizes the retained rights noted below and grants to the above authors and employers for whom the work performed royalty-free permission to reuse their materials below. 'Article' is under Attribution 4.0 International Public License (CC BY 4.0). Authors retain all proprietary rights in any process, procedure, or article of manufacture described in the 'Article'. This agreement becomes null and void if and only if the above 'Article' is not accepted and published by the 'Publisher' or is withdrawn by the author(s) before acceptance by the 'Publisher'.

If the 'Article' was prepared jointly with other authors, the corresponding author have informed the co-author(s) of the terms of this Non-Exclusive License Agreement and that he/she is signing on their behalf as their agent, and represent that he/ she is authorized to do so.

Everyone who is listed as an author in this article should have made a substantial, direct, intellectual contribution to the work and should take public responsibility for it.
